Dear Mr. Jeffrey Epstein

Please come join screenwriter and director Jake Paltrow (The Good Night, Boardwalk Empire") and his cast Elle Fanning, Nicholas Hoult, Michael Shannon and Kodi Smit-McPhee as he takes us to a dystopian future in his latest film, a sci-fi western epic, YOUNG NES.

The film premiered at the Sundance Film Festival, was a huge hit and is reflective of today's political demonstrations acknowledging environmental changes.

Paltrow's film, is set in the future where water has become the most precious resource on the planet, neighboring ranchers Ernest Holm (Michael Shannon) and Flem Ever (Nicholas Hoult) betray each other in a struggle for their family's survival in a desert wasteland.

Jake and the entire cast are looking forward to seeing you for a fascinating film and fun party. Invite attached
