**Attachments:** quantum bacteria April.docx; iChip test April.docx

=Hi Jeffrey,

<=r>  
attached are my two articles that will be published by Newsweek. The editor is finalizing edits to them. I had to keep the articles under 1000 words.</=iv>

\*

A=Sulfur Bacteria Offers Luminous Clues for Quantum Computing

\*

A Revolutionary Blood Test Catapults Cancer Treatment

= have a 3rd article I'm writing for another publication and will send to you as well.

So far, I have worked with, and written about Martin Nowak (National Review</=m>), Seth Lloyd (Newsweek) and Ben Goertzel (Forbes), they edited, revised and liked my work.
