Dear =riends,

It is with great pleasure I have the chance =o invite you to meet my friend and champion for both women and life =sciences in the U.S. Congress, Diana DeGette.

As our SALSS 2014 keynote speaker, nobel laureate =r. Peter Agre points out, there should be many more scientists in =ur government and although Diana is a lawyer by training, she has =aken several important life science issues to her heart, including the =egislation on stem cell research. She has been a very popular guest at =ALSS and Karolinska Institutet in Stockholm and has become a role model =or many of our young Best & Brightest women, both in Sweden and =ere in New York. I believe you can understand my great joy and =nbsp;pride to be able to invite a few of you to join us on Thursday =PRIL 24th in the evening around 6.30 pm in NYC. This event is being =enerously hosted at the home of Pamela Church at 300 C.P.W. Please see =he attached invitation for details and let me know if you can make =t!

Hope to see you Thursday!

Best,

BE
