=font color="#0000ff">

to me, Richard  
how long to make level with the plan i produc=d originally for grading. i assume much of the work can get do=e  
whetehr you are there are not. i will come out late o=tober . to mark out beds so i hope grading finshed by then

Jeffrey

Anticipate=completion of Log Cabin last week of September, and then planned to re mob=lize to MH Project E mail and  
Photos of =rogress at Log Cabin to follow

We will try to meet that deadline,

Remind=r its a 9 plus foot retaining wall, backfill for 80 percent of area involv=d, compaction,

An issue that needs to be addressed,  
Drainage, under the present plan/grade, in the event =f a down pour proposed path material and small landscape walls  
will get wa=hed away

regards Brice

Jeffrey

Staging material, rocks and dirt at the dog cabin have scheduled for today and tomorrow  
I intended to hold off on any other work at that location until after [REDACTED] visit 14th Sept

We have been stock piling dirt for back fill and grade MH, unfortunately the track hoe broke down  
It has been returned, company was unable to locate part.

Another unit has been found from another company, we are waiting for confirmation on delivery date,  
Monday or Tuesday next week.

In the mean time the access road behind the MH to proposed new site needed work and a slight change  
of layout so dump truck was not continually driving over Spetic Tanks located to the South East of Mechanical Building.  
The storm water pipping from the MH that goes under this road also need work, this work has been  
completed.

I will send Photos Friday of progress
