Subject: Origins Project @ ASU: Postdoctoral Prize

Hi Rich -

I work with Lawrence Krauss @ the ASU Origins Project. Lawrence has been in touch with Jeffrey Epstein regarding sponsorship of our annual Origins Project Postdoctoral Prize Lectureship. This is our inaugural year.

Mr. Epstein has agreed to support the prize with a \$100,000 commitment, pledged over the next 5 years. The payoff term for the pledge can be decreased to one or three years, depending on your needs, the Postdoctoral Prize will recognize the Foundations's generosity for the next five years, this is an annual prize and lectureship.

Here are a few open items:

1. Please choose a pledge term: 1, 3, or 5 years.
2. Recognition for the gift: materials will include the phrase "Sponsored by the Jeffrey Epstein VI Foundation" or "Sponsored by Enhanced Education"
- 3.
4. In the most recent email Jeffrey suggested recognition be The Jeffrey Epstein VI Foundation, we have no problem with that.

Thanks very much, Please call or email if you have any questions. You have our address on file, which is the same as my signature block below, please address all correspondence there.
