Jeffrey,

As Per your request, on April 16th we made payment to Piasa in the =mount of 86,895.60 Euros for furniture purchased by Ms. Rothschild. =he items were picked up by shipping company Art Transit for delivery to =SJ. At same time i learned from Marie that we have more items for LSJ =n the warehouse. I asked Art transit to temporary hold the items at =heir location as we might have more items for shipment, and =onsolidated shipment will be less expensive. Please advise if I =should proceed with the shipment or send it to the warehouse, where =ther purchases stored. Wire transfer with all backups and pictures of =he items attached.
