Janusz obtained 4 driveway proposals (unfortunately each proposal had a different scope of work quoted...)

I have attached emails of all proposals and summary is as follows:

- 1) T&P Pavers (most expensive and thorough) work scope -> pour 330  $\times$  4' concrete slabs (total area 5,280 sq ft) cost per pad = 150,000 / 330 = \$54.55 they mention Town of PBI may require a drain system which will be additional cost total job cost 186,960
- 2) Patios Pools Driveways  
work scope -> remove & replace 50  $\times$  4' x 4' concrete slabs cost per pad = 16,800 / 50 = 336.00 total job cost 16,800
- 3) Palm Beach Contracting Service (best price and seems most accurate) work scope -> remove & replace entire driveway of 4' x 4' concrete slabs (total area 4,756 sq ft) cost per pad = 61,048 / 300 (estimated pads) = 203.49 total job cost 61,048
- 4) Monark Surfacing (not sure scope is what you want and would want references) work scope -> replaces 37 blocks (592 sq ft) and resurface remainder (4730 sq ft) cost per pad = 5,920 / 37 = 160.00 resurface cost of 4730 sq ft = 17,740 + 650 for gravel total job cost 24,307

Please advise

Thank you
