**Subject:** Cliff and the Autographs - April 16, 2014

Greetings Sir,

Cliff just confirmed that the 15 gallon autographs are only 4 feet tall. The autographs he thought were 15 gallons are actually 25 gallons - just not as full as the previous ones he sold you.

He says he cannot go below \$200 per 25 gallon autograph - this is due to the shipping costs.

He knows he gave you bad information - how do you want us to proceed?

Respectfully,

Daphne
