Hi Lesley, [REDACTED], and Karyna (and Jeffrey),  
[REDACTED]/Karyna, as you know I left 4 saliva collection kits as Jeffrey requested. I'm ordering more, so let me know if he needs more.

The study will be open indefinitely but sample collection for this round of sequencing (which includes ~80 YPO Austin folks) will close in 1-2 weeks. (So probably a few months wait if this window is missed.)

If it's not too much trouble, hold off on collecting additional samples with those 4 kits until Monday. On Monday, I'll provide instructions on mailing and labeling those kits if Jeffrey wants to use those for include more people in this pilot YPO phase of the study.

Jeffrey, it was good seeing you again today and chatting, however briefly, and I look forward to discussing this project with you more at your convenience. Let me put together a very basic invoice for the sequencing we'll be doing for you (beyond what the other ypo people are having done, including the \$11,000+ whole genome from Illumina).

I'll also include some basic infrastructure to pursue that specific genomic project you mentioned briefly. I'd be happy to help with that but we should discuss first (after I put together an invoice for hardware/software and maybe 1 bioinformatics hire) the best way to make this happen.

Safe travels back to NY,

Thanks, Lesley - confirmed for Sat. 1:30.  
Karyna/[REDACTED], I'll call when I get there.  
Joe

Hello Joe...I meant to cc Karyna and [REDACTED] on my previous mail to you...these are the assistants who will accompany Jeffrey to Harvard this Sat. Please reply to all of us re if you can make 1:30pm on Sat. June 21st at Martin Nowak's Institute (1 Brattle Square, Suite 6) to take Jeffrey's saliva sample...

Assuming you can make it!- please call Karyna or [REDACTED] upon your arrival to the institute so they can come down and let you in...

Karyna: [REDACTED]

[REDACTED]; [REDACTED]

Joe: [REDACTED]

I am leaving on holiday today and will have limited cell service/email service...

thanks,
