(Confidentially) A thought I had last night was what if we split the difference and try to get the buyer and seller to settle on \$2.2M?  
Would your guy go for that?

Or what if we try to get them together at \$2.0M for just the two helicopters,,, no parts or tools?

Would either of those suggestions work?? I am just trying to do my job and negotiate their differences to arrive at a settlement!

I am not sure if my seller would even go for either of these!

I do know that If they both stay firm this will never happen!

I do have interest from the Far East and am looking for 430 floats if you know of any!
