Jeffrey,  
just to clarify Dave's currency: per "FAR's" to act as "PIC" requires 3 take off and landings in type in 90 days, the recurrent training we receive at simuflight is good for 24 months in Type to act as SIC, and our insurance requires recurrent training every 12 months in type, far beyond the FAR requirement. When I used Dave on the Paris flight, I was listed on all legs as PIC and is my responsibility, all was in compliance of FAR and our insurance.

[REDACTED] do you concur with this?

thank you,  
Larry
