Jeffrey,

Attached are three (3) different carpet samples against your leather, wood, plating and divan fabric.

The photo's don't do these justice as these photo's takes some of the life from the actual materials.

I can have these made in 4-5 weeks.

Personally, I like the light color carpet the best. What is not evident in the photo is that this carpet has a simulated white color silk that provides that silk like sheen where you see white, so it coordinates extremely well with the leather and the pearlite metal plating.

Lastly, a carpet to "simulate" that Stark carpet is about 8 weeks after approval of a strike off sample (which will take 2 weeks - so 10 weeks total time).

Your thoughts?
