Good night Tony,

Yes, you can pass on my contact information to the representative of the company. My boss still wants better cell signal coverage solution for his estate. I need the proposal of the tower and the small cell solution from them as quickly as possible. I also need to know if the decision of not using LSJ as a tower site has any bearing on the previous verbal discussion of the rates for the internet of \$125 per MB.

Regards,  
J Ruan

Jermaine – Sorry I couldn't take your call today. We will not build a tower on Little St. James as you and I talked about. Reason: It will not serve the need that I thought it would before. We conducted a RF study and it shows that it will not reach St. John with the strength that we need to provide service to the folks in Cruz Bay. However, I have contacted a tower builder while here in Miami that can build a tower for you and offer you a small cell solution. Are you interested?

Thanks

TS

Hi Tony,

Do you have the proposal ready for the tower project? I would like to present it to him as soon as possible.

Regards  
Jruan
