Hi Jeffrey,

If I were to move forward into March, I would work specifically on the following:

- adding rich snippets to all sites.
- continue to add websites to philanthropy and science directories.
- continue to update content on all 8 websites. (It's important to keep them current and dynamic).
- you are on the Evolutionary Dynamics website. It helped your Foundation website tremendously. But I would try to get you on other organization's websites that you are affiliated with (ie. Cecile de Jongh, Board of Education, scientist's websites).
- forum content updated.

I could work on the above and supplement with a project on signal cell intelligence. I am working on a proposal that I will send to you.
