

BLUE WATER GRILL
MONTHLY MANAGER PLANNING SCHEDULE
SEPTEMBER

_____ Schedule waiters meeting 3rd Wed. of month at 3 pm. Have all sign off. Schedule busboy and runners meeting 3rd Tues. of month at 3:30 pm. Have all sign off.

Note: Be sure when having your meetings they are in an area clear of guests so as not to be rude. Give quarterly food tests to all workers if none given in last 2 weeks.

_____ Follow through with high T.V. and CRM guests with your staff and chefs.

_____ Advise hostesses to call regular lunch (and possibly dinner) guests to see if they're coming in that day. We want to make sure we have a special table ready for them, or their regular or desired table/section.

Note: Use the MEMO FIELD in Open Table to indicate these guests preferences re: sitting, eating, drinking, etc.

_____ **Manager and Chef Notes:**

_____ Be on top of café supplies (salt & peppers, sugar caddies, ashtrays) even when the weather gets cooler.

_____ **Café Season:**

On cooler days more attention needs to be placed on getting the café sat. If you find it difficult to seat the café the following are options to get the ball rolling:

- When guests are waiting on a table inside offer to serve them coffee in the café (they can sit and re-lax)
- Think smart, offer café tables to younger guests
- Offer a young couple while the café is still empty to buy them lunch\brunch

Once the first table is seated other parties are more apt to sit. You'll be surprised of the domino effect.

_____ NYU students start moving into the dorms in the area (including the Building Blue Water Grill is in) the week before Labor Day.

VIP:

_____ Check portable heaters are all working. Check front door heaters are working - CFM maintenance man has 5 extra sensors.

_____ Check weather everyday, have heaters brought up over night.

_____ Gas turn-on valve is at the kitchen staff locker room, labeled above your head as you go down to the Ejection Room.

_____ If the temperature drops below 62 degrees at night, the heaters should be out and on. Customers can request to turn them off. Only use door at table 28 (not table 3) in this weather.

_____ When the temperature is above 65F degrees, but not warm enough to have all cafe doors open, only use cafe doors at table 3 and table 28.

_____ When the temperature is below 65F degrees, only use the café door at table 28. **VIP:** When seating table 28, in this circumstance you must, advise guests that the door will be opening and closing. Reserve this table for walk-ins only.

_____ Awnings in when sunny and out at night to keep heat in when below 70°

Start scheduling "Weather Permitting" shifts for servers.

BLUE WATER GRILL MONTHLY MANAGER PLANNING SCHEDULE SEPTEMBER

_____ Jazz room opens for brunch the first Sunday after labor day.

_____ **Chefs:** Cfm you have a complete set of oyster tags for display.
Cfm all oysters for month are in index. **Chefs VIP:**

_____ Review w/staff: "Most Important Oyster Facts" See **U:ALLREST\SEAFOOD\OYSTBLRB**
