Re: Jeffrey E. Epstein HIV test results

Dear Ms. Burns:

During a recent meeting with you, undersigned counsel was informed that your office is in possession of the HIV test results of Defendant Jeffrey E. Epstein. You suggested that we contact the Health Department to obtain those results; however, it has come to our attention that this would require that we name our client who wishes to remain anonymous.

Pursuant to Fla. Sta. Ann. § 796.08(3) (2008), the results of an HIV test of a person convicted of prostitution under section 796.07 "shall be made available by the Department of Health to the offender, medical personnel, appropriate state agencies, state attorneys, and courts of appropriate jurisdiction...." The statute does not make these tests results available directly from the Department of Health to the victims of sexual exploitation of Defendant Epstein.

In addition, subsection (m) of Defendant Epstein's plea agreement in the Circuit Court of the Fifteenth Judicial Circuit of Florida states that HIV test results shall be released to the victims. We left an authorization by our client, A. H., D.O.B. 12/30/86, for release of records, information, and data to undersigned counsel, with you when we visited your office. Defendant Epstein agreed to this and was notified by the court during his sentencing that he would "submit to...an HIV test, the result of which is to be released to the victims or victim's parent or guardian...within 48 hours."
