Of course. Quick question – do you have phone numbers for these people? Especially the ones working at MCC right now, I'd like to be able to call them/their bosses and have them pop out for an interview. I talked with [REDACTED] who is going to be calling MCC to help coordinate this but, if you guys are already over there, it may be helpful if you can help facilitate. I don't want to send teams out across the boroughs for dudes at MCC right now.
