Thanks very much, [REDACTED] We'll reach out if any questions/issues come up after we hear back from DANY.

All,

I relayed the info to Jeanne Christensen per my conversation with [REDACTED] (that we are deconflicting with DANY and would circle back with her). I'm attaching notes of today's conversation with counsel, notes of the initial referral call, and the email correspondence I've had with counsel for your records. Let me know if there's anything else you'd like me to do with this (i.e., if you'd like me to communicate anything else to Jeanne after we receive notes from DANY re: the minor victim).

Thanks,

[REDACTED]
