A heads up that [REDACTED] review was based on one victim, [REDACTED]. I received information about [REDACTED] as well as two additional victims, one of whom was a minor. The info came from a civil attorney who previously represented [REDACTED] and now represents the minor (but not the third victim).

Okay, great – I'll send the list of victims to [REDACTED] to see who was a part of her review. Will send a calendar invite for Thursday (subject to [REDACTED] availability). Thanks!

Hi [REDACTED]

Happy to chat, thanks for flagging. Thursday 2:30pm works for me. I recall there were multiple women who reported victimization by Black/GM/JE a while ago. [REDACTED] looked at it but determined it was not viable for our office to pursue (and I agreed with her assessment). It would be helpful to know if this potential victim was part of [REDACTED] review.

Thanks,
[REDACTED]

[REDACTED]

I received information about a potential new minor victim of Epstein, Maxwell, and Leon Black – such that I think the targets would be a separate female trafficker and Black. I think we (maybe [REDACTED] and [REDACTED]?) did some due

diligence on Black a couple years ago. Are you free Thursday at 2:30pm or after 4:30pm to discuss? Or I'm also free tonight after 6pm, tomorrow night after 5:30pm, or any time on Friday.

Thanks!
