My first email got a bounce back (?)

I am resending to you

[REDACTED]

To keep things organized, I am going to send you several emails in succession.

In this, the notebook made by her during her 16th year ([REDACTED]) is one PDF.

I have "decoded" the text and the second attachment is a PDF for each page in which there was at least a full sentence written in code along with the clips from magazines.

She saved a few cards and a love note from [REDACTED] – we kept everything intact so those items are also scanned and part of the PDF.

I can explain all of the cryptic statements – just as an example, on the first page, the reference to

[REDACTED] – means in [REDACTED], [REDACTED]

[REDACTED] where she met Ghislaine Maxwell in a hotel room (she had to undress from waist down) and GM did "yucky" things.

[REDACTED]

words like "yucky, mean, gross, bad" often mean sexual assault/intercourse/rape.

After this [REDACTED] meeting – she then was taken to a McLean VA mansion owned by Joe Roberts ("JER" companies) and GM and JE were there. JE gave her the once over and nod of approval – she was sent to PB shortly afterwards for the first time.

If you have any questions, my cell is [REDACTED].
